Through a combination of collaborative efforts and strategic planning, the trust has made a commendable difference in the lives of those it serves, contributing to sustainable social transformation in the region.

# **TECHNICAL MANAGEMENT**

The organization's Management Information System (MIS) plays a critical role in keeping the board of members fully informed about all ongoing financial transactions and program implementation activities. This system ensures that the leadership has real-time access to essential data, enabling informed decision-making. To ensure effective oversight and project management, regular monthly meetings are held with key project staff and office personnel. These meetings serve as a platform for reviewing the progress of various initiatives and assessing overall program performance. During these sessions, detailed and constructive discussions take place, allowing team members to address challenges, identify opportunities for improvement, and arrive at decisions through a consensus-building approach on significant matters. The organization maintains a well-defined reporting hierarchy, which ensures the smooth and continuous flow of information in both upward and downward directions. This structure not only facilitates accountability but also enhances communication across different levels of the organization. In addition to regular operational meetings, the board conducts periodic reviews of the organization's performance. These reviews are based on comprehensive feedback from field operations and staff, providing the board with valuable insights into ground-level realities. Leveraging this feedback, the board offers strategic guidance and makes necessary adjustments to ensure that the organization's goals are effectively met and that programmatic efforts are aligned with the broader mission and objectives.

# **FINANCIAL MANAGEMENT**

Financial Management: The organization adheres to a policy of full transparency in all financial operations. A robust computerized accounting system is in place, utilizing Tally software for precise and efficient bookkeeping. To ensure accurate financial oversight, a monthly financial statement is generated, providing a clear view of the financial status of each project. Daily maintenance of all financial records, including cashbooks and ledgers, is rigorously followed. Separate books of accounts are maintained for each project to ensure clear and distinct financial tracking. All accounts are subject to regular audits conducted by an external auditor to ensure compliance and accuracy. The organization operates bank accounts with a nationalized bank, and additional accounts are opened as required to meet specific project needs. Periodic financial reports are generated through the MIS system and submitted to the respective project sanctioning authorities, ensuring adherence to guidelines and facilitating effective financial monitoring and control.

## **RAPPORT & LIAISON**

The organization maintains strong relationships and effective liaison with various government departments at all levels, ensuring their continued support in the successful implementation of programs. It has also fostered positive, ongoing partnerships with all funding agencies, including those that have provided support in the past and those involved in current initiatives. This collaborative approach ensures effective program execution and strengthens the organization's impact across diverse communities.

These structured policies empower individuals to perform at their best, ultimately contributing to the organization's growth and effectiveness.

## **Procurement Policy**

The organization adheres to a transparent procurement policy for the acquisition of materials necessary for program implementation and office operations. Competitive quotations are solicited, compiled, and analyzed before finalizing orders, ensuring that quality and cost-effectiveness are prioritized. For large-scale procurements, advertisements are published in newspapers to invite tenders. A comparative analysis is conducted, and negotiations are held with shortlisted vendors to achieve the best possible rates, thus safeguarding valuable resources against wasteful expenditure.

## **Financial Policy**

The organization implements a prudent financial policy to ensure transparency in all financial dealings. A computerized financial management system, specifically the Tally software, is utilized to maintain accuracy in financial reporting. Bank accounts are held with nationalized banks, and program-specific accounts are opened and managed in accordance with the guidelines and requirements of relevant projects. Our Ngo Raj Kumar Pritam Educational Society recently organized a Women Health Camp as part of its ongoing commitment to community welfare. The camp aimed to address the health concerns of women, especially in underserved areas, by providing access to essential medical services and raising awareness about preventive healthcare practices. A team of experienced doctors and healthcare professionals conducted free health check-ups, including screenings for common illnesses, nutritional counseling, and gynecological consultations. The event also included interactive sessions on menstrual hygiene, maternal health, and lifestyle management to empower women with knowledge about their well-being. The camp witnessed an overwhelming response, with a large number of women benefiting from the services.
